Katy Property Management- Follows Technologically Advanced Formulas to Make Customers Happy by Nishaidhijames

Article published on August 7th 2012 | Technology

Katy Property Management, Greater Houston, US was founded in the year 1986 by Mr. Victor Short. The company was a result of his expertise of more than twenty years in the field of property management in US. He had set up the firm keeping in mind the benefits of his clients and maintaining a long term relationship with them. Later, the company witnessed the advanced care and dedication from Patricia Short. She has an experience of over ten years in the property management market and deals extensively with rent collection and investment opportunities.

Where do Katy Property Management stands among all the rest of property management companies of Houston? They follow technologically advanced formulas to make the best use of customer service industry. Victor and Patricia are jointly working on a web portal design which would serve the best needs of the clients. They would be able view the day to day details of their property proceedings in terms of repair cost, rent collections, any court matters, latest property investment news.

Now, Victor and Patriciaâ€˜s Katy Property Management team handles the clients account with professional property management services. In return of a small percentage from rent collection the company offers you a gamut of first hand value services. Unlike, most of the other property management companies houston they also offer discount on small and large scale personal property management.

So, what are these specific services offered by Victor and Patriciaâ€™s Katy Property Management team offers their respectable clientsâ€™ base? They give advertisements and multiple listing services based on consultation and market analysis by their own team. Tax information and credit reports, year â€“ end profit and loss statements, monthly statements and accounting services are also provided for clientsâ€™ benefit. One of the major tasks contrasting other property management companies in Houston from Katy Property Management is tenant screening after the advertisement and tenant deposit management after selection.
