Samsung is one of the biggest TV producing companies in the world that has manufactured very sophisticated and technically advanced TV sets for its viewers to experience the best. Whether it is images or sound, Samsung is the best that has come out with various models that suit individual needs. Till date Samsung has produced many models like the LCD TVs, LED TVs, 3D, Plasma, flat, series, Champ, Wave etc and many more. The LCD TVs price are now reducing due to higher technology that has been used that makes manufacturing affordable and hence even the viewers are benefited with it.

Some of the models come with international quality that generate bright and clear pictures with loud and crisp sound. One can buy according to their budget like the LA22A450C1 LCD TV, which is a 22 inch TV that can be bought for Rs. 24,000 only. For a 26 inch LCD TV, you can buy the LA26A450C1 that would cost you Rs. 33,200. Various inches screen can be bought from Samsung up to 52 inch of LCD, which is one of the marvelous pieces produced by Samsung. The Samsung LCD TVs price list is vast, but the above priced at Rs. 2, 99,000 approximately. Although the price would be too steep for the common man, there are many features apart from viewing that makes you watching your favorite TV shows or movies an incredible experience. Simple take a look at its highly advanced features and you would definitely fall in love with it.

Another giant company is the Panasonic, which is one of the oldest and one of the most reliable company globally. Panasonic are the leaders in providing quality devices and have earned much faith and trust from their regular customers. Apart from reliability, they also produce affordable and low cost products that have won the hearts of many. The Panasonic LCD TVs are very popular due to their clarity in picture, sound and other features that are enhanced and give you pleasure while viewing.

The latest from Panasonic is the Viera range that comes with advanced networking capabilities, full HD and superb motion image quality. It provides higher contrast, rich color, SD card slot, and a varied price list. Models like the Panasonic Viera TH â€“ 6SPY850D 65 is for Rs. 4,75, 000 approximately, the Viera TH-50PY850D 50 is priced at Rs. 1,70,000, Panasonic Viera TH-42PV80D 42 is priced Rs. 55,490 approximately. The Panasonic LCD TVs price list differs and is based on features and design.
