Article published on August 1st 2012 | Technology

Oâ€™General (which is a joint venture of ETA-Ascon, Dubai and Fujitsu General Limited, Japan) are the manufacturers of premium range Air Conditioners. Fujitsu General has business interests in Air Conditioners, refrigerators, visual products, system, communications and electrical devices. Its credo is to be an attractive and energetic corporation that develops business on a world level, coexists with the people of the world and practices open management. It's a leading player in the global air-conditioning market and is known essentially for its quality, technical superiority proven technology and innovative products.

O General Window AC has an efficient hyper rotary compressor, Fujitsu fan motor and unique draw less fins result in faster and better cooling. Moreover, a 9stage pre-treated coating prevents rust, making them extremely durable. The air flow direction can be freely adjusted. It has deodorant and anti-bacterial filter. Also, it has effective tropical hyper rotary compressor.

Since, O General Window ACs comes in premium range and its cost is almost highest than any other AC available in India, so we really expect its build quality to be premium as well. And since its looks varies as per tonnage version. Customers like the looks of 0.8 ton and 1 ton window AC version personally but looks of 1.5 ton AC is quite basic and you wonâ€™t find that version quite much attractive in terms of looks only. But, as per all mouth publicity, itâ€™s the most popular AC in its category.

When it comes to case of power consumption, yes, they are really power efficient. Itâ€™s like buying Honda City rather than Maruti Suzuki Alto, however both have high fuel efficiency and in same way, this AC has high efficiency in power saving or in other words, its cooling is so much powerful that you will place a timer daily of 1-2 hours rather than keeping it ON whole night.

Oâ€™General is the costliest Air conditioner in Indian markets. But when you actually use them, there cost gets justified. Window AC price is available on net and O General Window AC price list can be compared there, along with features and configuration. For example, O General AXG18GPN 1.5 ton Air Conditioner comes with a rotary compressor that has an energy efficiency ratio (EER) of 10.58 and has 3 fan speeds available. O General AXG18GPN 1.5 ton also has deodorant and anti-bacterial filter and has an anti corrosion body. This air conditioner comes with LCD remote control and has digital control panel with Display. O General AXG18GPN 1.5 ton has features like timer and other controls. This O General air conditioner comes with Burst Proof Capacitor with 9 stage pre-treated coating which is also fire retardant.
