Panasonic CF-19 by Wenddymadden

Article published on December 15th 2011 | Technology

Laptops are the key to work for the modern day generation. There are a line of latest models that stand exclusive for the users. Be it a household user or a business class user, the laptops are proudly known to be the exclusive makes offered in the market.

These are the perfect replacement made for the desktop computers. The new Panasonic CF-19 is a toughbook 19 that is available in two diverse versions. This has a touchscreen unit that runs Genuine Windows VistaÂ® Business (with XP downgrade option). Its functioning stands proud where it works like a full packed and powered desktop computer. Highly portable and easy to carry, this has emerged as the smartest additions made to the existing Panasonic laptops offered in the market these days.

Further, it allows the user to have an interface with applications with the help of a stylus or a finger. Then this laptop model has a magnetic plate behind the screen interfaces along with stylus and allows for functionality like draft design, hand-writing recognition and signature capture. Both of these versions boast daylight-readable 10.4" LCD swivel display that rotates in any direction. Further the rotation can be easily converted from vertical to horizontal format to retain the optimal visibility and ease of use.

Panasonic CF-19 is also considered to be the fully rugged Toughbook CF-19 that is quite light in weight, and features a compact form factor. It weighs just 5.1 pounds, and is perfect to fit the latest iteration when size and versatility are at a premium. This Panasonic laptop is also incorporated with standard features and flaunts of latest additional integrated options.

The three gems that make this laptop to go quite favorite of millions include the feature of portability, durability, and functionality. Perfect to be used by mobile professionals it never denies of performance and is a true friend on the go.

This laptop model offered by Panasonic has the capability to get transformed from a laptop to a handwriting-friendly tablet PC. It is equipped in a full magnesium alloy case, featuring sealed all-weather IP54 design. Further, extensive MIL-STD testing help is conducted over to ensure that it is suitable to be used in the most rigorous environments.

The laptop model has a LCD of the CF-19 which is a touch screen coupled by a circular polarizer. Panasonic laptop price list guarantees its reasonability and has thus made it a favorite amongst many.
