Chauffeured Limousines and their benefits by Christina Kevin

Article published on July 24th 2012 | Travel

Style is a simple way of saying complicated things and some people do not compromise on style at all. The style may be related to dressing, living style, eating or traveling. Limousines which are known as the worldâ€™s most luxurious and expensive vehicles are also considered as a symbol of status and luxury all over the world. The rich as well as status conscious people hire them for managing their travel requirements. The concept of hiring a limousine is normally associated with special events and occasions such as weddings, parties, proms, corporate events, business meetings, road shows and more. A chauffeured limousine throws lasting impressions on the public. Different kinds of people hire different expensive and cheap limo services depending on their budgets and travel requirements. The best thing about limousines is that they have features which are unlike ordinary vehicles. Some of the popular limousine services include:

Stretched limo services

The most expensive and popular of all limousines are the stretched limousines. The actual symbol of limousine is a stretched one which is the longest sedan or SUV car ever. The stretched sedans are hired by corporate class people or businessmen for special events and occasions. The most popular of all stretched sedan limousines include Lincoln Town Car Stretch and Chrysler 300C Stretch. They have unparalleled features which include a fully stocked bar with all kinds of drinks suiting your customized requirements, a large flat screen television, CD/DVD player with full hi-fi sound system, laser mood lighting, wooden floor, tinted windows, privacy divider, special VIP area and much more. The car companies also offer stretched SUV limo services. The stretched SUV limousines are also equipped with the same features and luxuries as that of stretched sedan limos however they have a much roomy interior and increased seating capacity than sedan stretch limos. The most popular stretched SUV is the Hummer H2 Stretch which has the seating capacity of up to 18 passengers.

Cheap SUV Services

Sport Utility Vehicle (SUV) is a perfect vehicle for family and group travel. SUVs are popular all over the world and people even buy them for their personal requirements. The people traveling in groups of approximately 6 to 8 passengers usually hire SUVs for making their way to the destination. The best thing about sport utility vehicles is that they can be taken to any kind of destinations may they be mountainous, grassy, plain, rocky or sandy. The sport utility vehicles never get you stuck at any kind of weather or land conditions.

Cheap Van Services

The people who are looking for luxury transportation but require traveling in a group, for instance a group of friends or a big family, its best for them to hire limousine vans. A limousine van also provides all the luxuries and amenities which can be easily compared with any luxury car. The most popular and successful limousine van is the Ford E-350 which is capable of accommodating up to 14 passengers comfortably with enough room for baggage and other stuff. This limo van by Ford motor company comes with all the luxuries and modern features.
