Women and men of the Christian world can avail a few days of complete freedom within the last week of December to the first few days of January in the next year. They are to live under tight schedule throughout the year when stress, tension and boredom injure their soul constantly or intermittently. The period during the Xmas festival comes as an opportunity for all when they can look for relief. It is not for all to get or take the chance. Only a section of the people can plan for holidaying and they plan for moving away from their regular residence. Christmas holiday destination ideas spring from this consideration.

Christmas holiday destination ideas are huge in one sense, because it has great tradition of more than two thousand years on the back. Some of the people live away from their own native place, that is, away from the town or village where they have homes and where their parents still live. People of this section feel tremendous pull from the parents and they set for their know destination. Xmas is celebrated with traditional spirit in those places. They exchange views with their parents and relatives. They meet relatives and friends after a long time. They are greeted with smiles and spending a few days with parents after twelve long months appear to them as rejuvenating.

Some of the people begin to plan months before to move to a hill station, like Darjeeling of the Indian subcontinent or to any European hill station of great name. The calm still words of nature and serenity of the environment do well to nurse the visitors. Celebration of Xmas with the local inhabitants in a new atmosphere seems to be intriguing and enjoyable to them in a different way.

A section of the people share different kind of Christmas holiday destination ideas. They feel long stretched sea beaches as ideal spot or destination for holidaying during Xmas vacation. The sea beach at the western island group of Palawan, the last frontier of Philippines, is nothing but exotic with rocky coves and underground rivers, with wheat-colored sandy ground and rainforest famous still for virginity.
