Find Cheap Flights to New York to See Top Five Attractions in Central Park by Deepak Nangla

Article published on March 23rd 2012 | Travel

New York City is one among those few destinations of the world that does not require any introduction. This famed city is not only the most packed city in the United States but is one of the most populous metropolitan areas of this world. Also known as New York or the City of New York, the city has renowned influence over the other global cities in various fields, ranging from commerce to education and from science and technology to fashion and entertainment. For many New York is also considered as the cultural capital of the world. From business to leisure, this world renowned destination is thronged by millions of visitors round the year. Though there are numerous airlines that provide air service to the city but cheap flights to New York give advantages of savings. Enjoy New York flights offers and make your trip more enjoyable and memorable.

Nestled beautifully on one of the largest harbors in the world, New York is home of numerous fantastic attractions. But a trip to the city is incomplete without a visit to Central Park, one of the most visited and main attractions of New York. Covering an area of around 883 acre, it is the first landscaped public park in the United States. Honored as a â€œNational Historic Landmarkâ€• since 1963, has an annual strength of more than 20 million visitors. The park has something for everyone from green meadows to performance centers and from beautiful gardens to classical architectural symbols. One of the main attractions of Central Park New York is its â€œZooâ€•. There are more than 1,400 animals of over 130 species in the zoo. Another main attraction of Central Park is Carousel, which is installed in 1951. With 58 hand-carved horses and two chariots it is one of the largest merry go-rounds in the country. When it comes to sports and childrenâ€™s fun, this park of New York City is the best bet. It not only houses 21 playgrounds but also features two ice skating rinks, courts for volleyball, tennis and lawn bowling, as well as several baseball fields. Its Park Drive area is especially popular among racers, joggers, bicyclists and skaters. If you have keen interest in performances and concerts then also this green landscaped is a haven for you as its multiple theatres organized many open-air concerts and performances. Central Park New York is also a lovely place for art lovers and bird watchers. Among its total 29 sculptures notable piece of works are Cleopatraâ€™s Needle, Alice in Wonderland, Strawberry Fields, Duke Ellington and The Gates are most famous ones.

With so much to enjoy and explore, Central Park is undoubtedly one of the top attractions of New York City. More than being a famous tourist site, the park is a picturesque green beauty nestled in between the concrete skyscrapers of Manhattan, New York that is mainly loved for its natural serenity. So if you are in the city then simply head towards the Central Park for enjoying some refreshing breeze. Enjoy your trip with special New York flights offers or book cheap flights to New York and grab the opportunity of being in one of the most popular cities of the world.
