London Heathrow Car & Taxi Services by [Jocasta Marvin](#)

Article published on June 19th 2012 | [Travel](#)

Among the most popular airports of the world lies the London Heathrow airport which is not only the UK's biggest and busiest airport but also the world number 3 busiest airport in terms of total passenger traffic per year. The London Heathrow was given this name on a small village and farmland which once existed on the place where Heathrow airport terminal 1 building stands today. The village was named as Heath Row, however the two words were combined and the name Heathrow was given to the airport. The Heathrow airport is a main hub for British Airways and a home to many of the major airlines of the world.

London Heathrow witnesses more than a total of 69 million passengers passing through its gates each year. It is owned and operated by BAA which is a unit of Ferrovial Group which also owns other airports of UK including London Stansted Airport, Aberdeen Airport, Glasgow International Airport and Southampton Airport. The airport offers special facilities and services for all kinds of travelers including families with kids, business class, corporate class, solo and disabled travelers. For those looking to travel to Heathrow from within United Kingdom, they can easily find a taxi to Heathrow airport from all major locations across the country at highly affordable rates.

Cheap airport car hire

Apart from the amenities and special services, the London Heathrow airport also facilitates its passengers with all kinds of airport car hire services which are offered by some of the UK's highly reputed and established car hire firms. These car hire firms have their booking desks located at the airport for the ease and convenience of people traveling to London via Heathrow. The companies operating at Heathrow airport for car hire services include Europcar, Alamo, National, Sixt, Hertz, Avis, Season Car Hire, Budget and Enterprise. The car hire companies at Heathrow airport offer all kinds of cars ranging from economical sedans to luxury limousines at cost effective and affordable prices.

Cheap airport taxi hire

If you are arriving at the London Heathrow airport for the first time and are concerned about getting to your destination in London from the airport, you need not to worry as there are a wide number of airport taxi companies offering dedicated airport cabs including sedans and MPVs suiting your requirements. The drivers of these cars are local to London therefore you do not need to worry about the confusion and hassle of roads and directions. All you need to do is to tell your taxi driver about your destination and he will drive you via the most convenient and shortest route to your destination, may it be private residence or a hotel.
