London Heathrow is one of the most significant and renowned airports of the world. It is the UK’s largest and world’s 3rd largest airport in terms of total passenger traffic. Heathrow is built on a place where it once was a small village. The area where the terminal 1 building of Heathrow stands today was once a farmland which was named as Heath Row. The airport is situated in the Borough of Hillingdon is the west of metropolitan city of London. Heathrow airport is owned and operated by one the world’s renowned multinational firms, BAA which is a part of Ferrovial Group. BAA not only owns and operates the London Heathrow airport but also other major airports of London and UK. The London Heathrow airport is second to none in terms of amenities and facilities. It offers specialized services for all kinds of travelers which include businessmen, corporate travelers, solo travelers, families with kids and disabled travelers.

Heathrow airport transfer

Transfer services at the Heathrow airport are available easily. The airport transportation includes the Heathrow Express which is airport’s own and exclusive train services operating from Heathrow to all major destinations across the London City. Aside from Heathrow Express, there are car hire services, airport taxis, bus and coach services that travel to all major locations of the country. The buses and coaches charge budget friendly fares. Parking at the Heathrow airport is easily available as there as many private parking spaces outside the building due to the rush and demand of parking space at the airport. These private parking spaces transfer people from parking spaces to the airport terminal via shuttle bus services.

Heathrow airport car hire

For those looking for private car hire, there are a wide number of companies which have their booking and hire desks located at the arrivals lounge. Europcar, Alamo, National, Sixt, Hertz, Avis, Season Car Hire, Budget and Enterprise are some of the UK’s renowned car hire companies that offer superior class private and chauffeured car hire services at budget friendly rates. These companies provide all kinds of economical to luxury cars depending on your requirements. Their cars range from sedans to SUVs and even limousines.

Taxi hire at Heathrow airport

There are a wide number of companies offering dedicated airport taxis from Heathrow airport to all major locations across London. There are even many companies that offer services from Heathrow airport to many major cities and towns across the country. The airport taxi can be hired from outside of the terminal building. The taxis at Heathrow airport are highly affordable and comfortable. You can choose from sedan taxis to MPVs as per your personalized requirements. The airport taxi drivers are all local to London therefore you don’t need to get into the hassle of roads and directions.

CrossCab is one of the leading online taxi booking companies. They offer dedicated airport car hire from Heathrow airport, Luton, Stansted, Gatwick and London City to all major cities, towns and villages across the country. Their drivers are fully vetted, licensed and professionally trained. Their cars are maintained and serviced on regular basis for passenger’s comfort and safety.
