The promenade is all about tuxedos and gowns. Itâ€™s about spending the night away with your dearest friends. Dancing all night long under the glitter of fascinating multi colored lights. There are a lot of expectations that are associated with this one big night. Promenade which is usually termed as a Prom, is one of the most exciting and memorable events of studentâ€™s life. The preparations for prom begin weeks and even months before the occasion. Students save money, ask their parents and friends for unique ideas and even raise funds to make it an ultimate day of their lives. In these preparations there is one thing that nobody likes to neglect: itâ€™s the luxury transportation. The limousine is considered as one of the best options as means of transportation on prom night. The limo hire companies offer special prom limo packages which are economical and can easily fit the studentâ€™s budget.

Hiring a private sedan limousine for a couple would be a great idea but it will cost quite much, as only a couple will have to pay the whole rent. On the other hand, there is an option to rent a stretch limousine so that many of the students can share the rent. This is cost efficient and far more luxurious than hiring a sedan limousine. A chauffeur stretched prom limo costs more than a sedan limousine but it can easily accommodate around 10 passengers i.e. 5 couples. Arriving in a stretched limousine with class and style and make you the talk of the town and give you a special VIP feeling. If you are more than a group of 10 students and wish to share a limousine, you can choose stretch SUV limousine for this purpose. A stretched limousine like Hummer H2 Stretch or Escalade ESV Stretch can easily carry up to 18 passengers i.e. 9 couples with comfort.

Aside from prom limo deals you should also look unique with your dressing and attitude. For an ideal prom couple, you and your partner should have something in common. Mostly the guys wear black tuxedos with pink ties and girls wear pink gowns so as to make a good matching combination of couples. Another great idea that many of the limousine hire companies have introduced is the exclusive pink limousine for the prom night. A pink stretch limo can add a touch of class to your day. It can create a Wow effect. On your way to the prom, you can enjoy all the luxurious amenities of a limousine that include a fully stocked bar, a large LCD TV, full hi-fi surround sound system with CD/DVD player and iPod connectivity, fiber optic and color changing laser mood lighting, exterior strobe lights, long window, rear air-conditioning system, VIP area with privacy divider and much more.
