Article published on June 12th 2012 | Travel

London Heathrow Airport is the third busiest airport of the world handling more international passengers than any other airport in the world. It is a major airport serving London. Heathrow airport is located in the Borough of Hillingdon in the western part of London. The name of Heathrow is named after a farmland Heath Row which was located at the place where the Terminal 1 of Heathrow airport lies today. Heathrow is owned and operated by a renowned firm BAA which also owns many other major airports of UK. The airport has all kinds of travel and leisure facilities for the ease and convenience of travelers. The Heathrow airport offers all kinds of amenities suiting the requirements of different types of passengers including businessmen, corporate travelers, solo travelers and families with kids. Transportation facilities include airport taxi car hire services, buses, coaches and airportâ€™s own rail service â€˜Heathrow Expressâ€™. The different travel and transfer facil at Heathrow include:

Car from airport

Hiring a car from Heathrow airport is as easy as a pie. It does not require you to go through any kind of hassle. There are car hire desks of many reputed firms of UK offering instant private and chauffeured car hire services from Heathrow airport to all major locations across the country. They provide you with the option of hiring different types of cars that range from ordinary and economical sedan cars to ultra luxury limousines. The limousines at the Heathrow airport include sedan limos, SUVs, stretch limos, Stretch SUVs, luxury vans and limo buses. The ground transportation companies at Heathrow airport offer special discounted prices for the ease of their customers.

Car reservation

There are many people who prefer booking their transportation in advance rather than hiring one after arrival at the airport. They do this in order to avoid any kind of future hassle and inconvenience. For the ease and satisfaction of their passengers, the transportation firms at Heathrow airport also offer advanced car reservation services. These services are available by call or online over the internet. Cab reservation was never too easy the way it is now. You can easily book a car from Heathrow airport online or by your mobile phone. There are many transportation companies who even offer special discounts to their customers for advanced airport car bookings.

Taxi hire

Outside the main terminal building of the Heathrow airport, there are a wide number of taxis providing transfer services to all major locations of London. The taxis at Heathrow airport are highly economical and affordable. They offer budget friendly fares without compromising on the quality. Aside from this, the drivers of the airport taxis are local to London therefore you donâ€™t need to worry about the trouble of traffic, roads and directions. CrossCab is one of the leading taxi hire firms of United Kingdom providing online cab booking services to their customers around the world since more than 5 years. They hire licensed, professionally trained and fully vetted drivers in order to ensure passenger comfort and safety.
