Article published on December 2nd 2011 | Travel

Hyundai is the leading brand of car among India. The most selling model of the car in the Indian Market is Hyundai's Santro. The company is positioned in the South Korea's largest and world's sixth largest automaker. In 1947 it was being initiated by the Chung Ju-yung. But in India it was approached in the year 1998. The Korean company continues its success with the launch of a number of stylish cars like Sonata, the Accent, Terracan, Elantra, Getz Prime, Verna and recently launched i10. Owing to the great success of the Hyundai Santro in India, it becomes the preferred and one of the best cars among the people.

If your budget doesn't allow you buy the new one, so used Hyundai cars is good option. Customers can obtain the used Hyundai car from the car dealers or the owners, as they supply a certified pre-owned Hyundai. Undoubtedly, used Hyundai car is the better option. Just have a look over the new launched of the Hyundai Company is Hyundai i20. The car has the elegant and modern look, the grilles are slim and chrome finished and is flanked by huge air dams, exquisite headlamps, creases on the bonnet and a vertical tailgate. It would be available in the market in seven colors.

The Hyundai i20 is a compact, powerful, pleasurable and safe car doing justice. Apart of this some of the extra features of the car includes AC/Heater, an MP3 based music system with 2 DIN CD, Split folded rear seats, a multi info display and tachometer; two toned beige interiors, glove box with refrigeration and many more. So you are willing to buy the used Hyundai i20 and then go for it. Although, to buy the used Hyundai i20 is the good idea, you will not find any car with such additional features in affordable price.

The Hyundai Santro approaches in the Indian market in 1998, and got the great success in very short span of time. The demand of the Santro cars is still being preferred among the Indians. The advertising campaign was initiated by the film star shahrukh khan. But after many years of the Santro has become a household name. The car contains with a 1.0-litre engine, this is the biggest reason that many Santro available in the used car market. Used Hyundai Santro price depends upon the model and the condition you chose.

You can also visit some websites for many used Hyundai cars. It contains the information about various Hyundai models, its key features, engine capacity and lots more.
