Article published on January 6th 2012 | Travel

Spain is a wonderful place to spend a vacation. There are lots of things to see and enjoy in Spain. It is a place which has rich cultural heritage. There are a number of cities in Spain which have a lot of places to see and enjoy. One can also relax in Spain. Each city has its own set of wonderful places to see and enjoy. The scenic beauty of Spain is also amazing. Here in this article we will know more about the Valencia City which is located in Spain.

The Valencia city is a city in Spain. It is the third largest city in Spain. This beautiful city has a very hot climate. The city is a fashionable city. It is also an industrial and cultural center. A lot of trade fairs are held in this town.

The center of the Valencia city is not very big so one can just go around the place by taking a walk. There is an old historic centre which is full of information and it is an amazing place to visit when you come for a trip. The other famous touristâ€™s spots in the center are the Old Quarter and the Cathedral. These are places one must see when they visit the Valencia city.

There are also a lot of art galleries and museums in the city which are nice to see and are also full of information. There are also a lot of monuments which are baroque, modernist and gothic.

Just a few yards away from all this is the market where one see the best shops. It is a great place to shop.

The transport facilities in this city are excellent and they are very reasonable. They are also very clean so one can really enjoy the transport facilities. One can use these transport facilities to the beach or the port. Very close to the port is the City of Arts and Science which was created by an architect named Santiago Calatrava. There are a lot of modes of transport like the metro or the bus or the tram. One can use these to go to places. There is also the Turia Gardens where one can take a walk. This garden will be very peaceful and to walk will be very relaxing.

There is also a new town where one can find a lot of universities.
