Article published on July 17th 2012 | Travel Tips

Kochi is one of the biggest port city that is situated in India. It is bounded by the huge Arabian Sea. This place is known for the trade of spice and it is also the commercial capital of the state, Kerala. Traders and business man visit Kochi all round the year, from different parts of the world. This place is well connected by airways, buses and rails with other international countries and states. The city is very beautiful and is known for its scenaric beauty. Cochin international airport which is located in Nedummbassery is located at least 25 kms away from the northern side of the main city. It is the only airport in Kochi that has the service of both national and international airways. It is the first airport in India that is built without the help of central governmentâ€™s fund and that too supports international airways.

Delhi is one of the most important city that is located in the heart of India and it is known for its historical monuments as well as the ancient buildings. Jantar Mantar, Qutub Minar, red fort, Hanuman temples, Bulandh Darwaza, Humayuns tomb are some of the imperial structures in Delhi that attract tourist from all around the globe through the whole year. Usually tourists visit the place to experience the vivid and vibrant cultural heritage of the city.

There are many markets in this place that deals with all kinds of goods starting from cosmetics to vegetables and fruits. The dishes of Delhi replicate the food habit of the northern Indian which is popular for the mixture of hot and awesome spices. The place is known for its popular universities and college. Student from other states visit the city to give uplift to their career.

There are various airlines that operate on the route of Kochi to New Delhi. If you want to visit Delhi from Kochi then the best option is airway as buses and rails are too much crowdie. The fares are average and common people can easily avail it. If you want to have a comfortable journey then this is the right option. It also helps to save a lot of time by reaching the destination in a short period of time than what is usually required in buses and railways. If you want cheap air tickets then you can book online where you can get discounts and other offers like free accommodation, food, staying etc.
