Article published on January 12th 2012 | [Travel Tips](#)

Manila the capital city of Philippines and fondly called -The Pearl of the Orient- attracts many visitors from all over the world. The flights for Manila that is available bring tourists in huge numbers to this wonderful city. Although being a modern metro city it also consists of rich historical heritage. The Intramuros a "Walled City"™ and a historical site is the most famous tourist destination of Manila. The city consists of religious destinations, art galleries, museums and educational centers. The flights to Manila provide ample opportunities to the tourists to visit these sites.

The religious destinations situated inside the Intramuros is visited by many tourists using the services of cheap flights to manila. The San Agustin Church is the most famous religious site situated here. It is the oldest standing church of Philippines and has been declared as a World Heritage Site by UNESCO. The Manila Cathedral which is the Prime Basilica of Philippines is credited of being the highest seat of the archbishop in the country. The cheap flights for Manila give the tourists an opportunity to feel a heavenly experience after visiting these places of religious significance.

The Manila flights also gift the art lovers and history buffs with a memorable holiday experience in The Intramuros. The walled city is home to world famous art galleries and museums like Casa Manila, Bahay Tsinoy and San Agustin Museum. The Casa Manila museum showcases Spanish architecture pertaining to the Spanish colonial era. The Bahay Tsinoy depicts Chinese culture and its influence in the lives and history of Philippines. The San Agustin Museum exhibits the valuable antiques of the San Agustin Church. The flights from Manila with its many traveling options provide the tourists with a lifetime opportunity to witness the influence of many cultures from close quarters.

The Intramuros also consists of world class educational institutions. The University of the City of Manila (PLM) situated here is a tuition free educational institution. Established in 1965 as a single college, the institution has now grown to 12 colleges, seven graduate, two professional schools, scores of specialized research centers and distance education Open University programs. Another reputed educational center located here is The Mapua Institute of Technology (MIT). It produces world class graduates in the fields of architecture, engineering and science. Every year scholars and students book Manila flights™ tickets to visit these above mentioned educational centers.
