Welcome to the world of Ladakh, a resplendent, regal place perched atop the mightiest of the mountains in a secluded northern corner of India. Sandwiched between the Himalayan Range and the Karakoram Range, Ladakh lies on the lap of nature surrounded by snow-capped peaks on all sides and glistening with the refulgent lakes & waterfalls. Lying thousands of feet above the sea level, it is one of the highest tourist destinations in the world and the thin atmosphere accounts for some freezing chill & smoky breath. It shares its neighborhood with Kashmir and therefore the Leh tour packages (package tour to Ladakh) are also sought by those who visit Kashmir.

Enchanting Ladakh and Leh: Ladakh is as enchanting as a youthful maiden who casts her charms to lure her male admirers.
