Article published on January 10th 2012 | Travel Tips

Student visa Australia is for students who plan to study for more than 12 weeks in total and if you need to study for fewer months, you will need to apply for a Tourist Visa. The average time for processing is 4-8 weeks but the time may also depend on the Australian Embassy from which you apply. A student visa is issued to students who study full-time in Australia You can start applying for the visa and give yourself from 1-2 months until your desired starting date, especially if you need accommodation. Write the start date on your application because the start date is vital in the processing of an application. Enough time should be given for your Student visa to be processed and accommodation secured.

If your visa is denied there are terms and condition to refund fee paid on receipt of written notification and proof that your visa was denied prior to your start date. You can visit an Australian Embassy/consulate in your country. If your country does not have an Australian Embassy/Consulate or if you are currently located in a different country, contact the closest Australia Embassy to see if they can accept your application for a visa.

Student visa Australia is typically given for the length of your course plus 4 extra weeks. This visa can be extended if you need extra time for your studies. You can notify the student services of your plans to extend at least 4 weeks before your day of study. An immigration service of Australia requires your sponsorâ€™s bank statement to show that you have enough funds to cover for your studies and must show that all funds are readily available without penalty for withdraw.

Australia has a natural and beautiful environment which attracts many foreigners to work in Australia. Australia is a part of a global network employing many workers over 60 countries. They encourage innovation creativity and dynamic atmosphere. Australia is able to provide work experience placements to students who graduate.

Get prepared to work in Australia and enjoy all the benefits offered in Australia. In Australia there are several exchange programme and work placement organization which usually help with visa arrangements. Due to the immigration and invention of new technology Australia have had a rapid growth in all sectors and leading to increase in job opportunities. Australia has increased activities in the mining sector and remote community development, which has a clear focus on exposing companies to the Australian commercial marine.
