Article published on April 11th 2012 | Web Hosting

For its simplicity and usability, WordPress is considered as the most favourable CMS option used today. What started as a mere blogging site has emerged into a full blown content management system or CMS. With features such as user friendly interface and scalability, WordPress is the propelling source to millions of websites on the web. Supported by platforms such as PHP and MySQL, WordPress is being regarded as an excellent medium to host and manage a website or blog. The success of WordPress can be attributed to its open source orientation and a community of WordPress developer who are always keen to extend any kind of help or support. Thus, the drive to hire a WordPress developer with experience is on a high.

For unique and useful WordPress development, it is imperative to hire a WordPress developer who is well versed with MySQL, Java, HTML and XML programming skills. A dedicated WordPress programmer can perform the following tasks.

â€¢ Customization of WordPress theme/template.

â€¢ Creation of WordPress theme/ template

â€¢ Installation and integration of WordPress theme/template

â€¢ Implementation and customization of WordPress Blog

â€¢ Modification of existing modules

â€¢ Development of extensions and plug-ins

Hire a dedicated WordPress developer with competence to build a website from scratch within the WordPress framework, as well as maintain the website post development. For round the clock support from your dedicated WordPress Programmer, it is a good thought to explore the option of outsourcing.

Over a period of time India has earned a reputation of the most favoured outsourcing destination in the world. The ability to deliver value to the overseas clients in terms of quality resources that are cost-effective is the primary reason why outsourcing industry is doing so well. India gives the opportunity to hire developers for varied technologies including WordPress developer. If you have a WordPress project at hand, hire dedicated WordPress developer from India today.
