Article published on January 16th 2012 | Weddings

Wedding planning is very important now days because people have no time to arrange all things that are required for marriage. So before you get married you have to select a wedding planner for your marriage. When you are selecting a wedding planner keep these things in your mind that are given bellow.

Location:

Select a spot that is so important for a couple. Chose a location where you mat first time or you had your first kiss in some ice cream parlor. These all are great spot for an engagement. Selecting a location that means something to you as a couple gives your images more personality. A shot of you and your sweetie outside your favorite ice cream shop not only provides a great background but will memorize all hart touching things at that time.

How Experience wedding planer have

Wedding planner play an important role in arranging a marriage so it is so important that how experienced they are in planning a wedding. So when you are going to give the contract of your weeding check all the catalogs and his past organized parties photo because then you have an idea to choose one of them.

Wedding Decorations for the Wow Factor

Besides the â€œwowâ€• factor of seeing the bride walk down the stage in her gorgeous gown, couples want their guests to do a double-take at the reception as well. That's why it's important to really take your wedding theme and ramp it up a notch with top quality wedding table decorations.

Match your wedding favors with your wedding decorations ideas so that everything fits together seamlessly. If you're going for a fall wedding theme, opt for fall wedding favors (leaf shaped soap, candles, etc.) that match your wedding reception decorations. For a fall theme, consider a different fall colored tablecloth on the tables. Yellow, orange and red all bring to mind a crisp autumn day.

Going for an Asian-themed wedding? Add wedding favors that really speak to the Asian theme. They could include chopsticks, Asian-inspired candles, cherry blossom hand-held fans, Japanese spoon favors or blue bamboo sake cup favors.

Whatever your wedding theme, make sure to carry that theme through the entire day from the ceremony to the reception. There are so many unique wedding favors on the market today (many at very reasonable prices), that it should be easy to tie everything together and get that â€œwowâ€• factor during the ceremony and the reception.
